- Stockholders' equity increased 8.1% to \$303.2 million
- Regulatory tangible book value per share increased 2.8% to \$18.36 per share
- Total loans were a record of \$2.53 billion and increased 7.2% from \$2.36 billion at December 31, 2022
- Total assets increased 16.2% to a record \$3.23 billion
- Deposits increased 4.3% to a record \$2.58 billion
- Asset quality remains strong as nonperforming loans were 0.89% of total loans
- Net charge-offs to average loans were 0.00%
- Allowance for credit losses was 112.61% of nonperforming loans
- Tier 1 leverage ratio decreased to 8.02% from 9.11% last year
- Strategic investments to support long-term growth continue as F&M has opened new offices, unveiled new branding and a new logo, launched new deposit products, and implemented new features across its website and online banking platform

Lars B. Eller, President and Chief Executive Officer, stated, "Throughout 2023, we have been focused on executing against our strategic growth plan, while simultaneously navigating a challenging banking environment. I am pleased with the progress we are making as F&M opened two full-service offices in Oxford and Toledo, Ohio last quarter and since the end of the third quarter, the Bank has opened additional offices in Fort Wayne, Indiana and Birmingham, Michigan. We have also recently launched a new shared services group formation, invested in new internal audit and marketing capabilities, and restructured our HR department."

Mr. Eller continued, "With most of the planned investments behind us, we are focused on scaling our new offices by expanding relationships within these new and existing markets. Early indications are encouraging and reflect F&M's strong team of local bankers. As a result of our efforts across our new and existing offices, third-quarter deposits increased 4.3% from the second quarter to a record \$2.58 billion, which included a 3.3% increase in non-interest-bearing deposits. We expect future deposit growth over the next quarters as our growth strategies accelerate and we benefit from new checking accounts that have been opened since the start of the year."

### Income Statement

Net income for the 2023 third quarter ended September 30, 2023, was \$4.8 million, compared to \$9.0 million for the same period last year. Net income per basic and diluted share for the 2023 third quarter was \$0.35, compared to \$0.68 for the same period last year. Net income for the 2023 nine months ended September 30, 2023, was \$17.2 million, compared to \$25.3 million for the same period last year. Net income per basic and diluted share for the 2023 nine months was \$1.26, compared to \$1.94 for the same period last year.

"The rapid rise in the Federal Funds Rate continued to impact our cost of funds and increase the competition for deposits. As a result, our cost of interest-bearing liabilities has increased to 2.82% at September 30, 2023, from 0.68% at September 30, 2022. Our loan portfolio has also lagged in capturing sufficient yield to match the higher cost of funds mainly due to the timing to reprice our commercial real estate adjustable-rate mortgages. 13.3% of the loan portfolio will be subject to repricing next quarter with 22.3% subject to repricing in the next twelve months. These trends during the third quarter caused a 12.9% year-over-year decline in net interest income and impacted overall profitability. As we navigate a challenging rate environment over the near term, we continue to believe we are well positioned for net income growth to re-accelerate in 2024 and beyond, as we benefit from continued strong asset quality, and the contribution of our growth initiatives," continued Mr. Eller.

### Deposits

At September 30, 2023, total deposits were \$2.58 billion, an increase of 12.8% from September 30, 2022, and an increase of 4.3% from December 31, 2022. The Company's cost of interest-bearing liabilities was 2.82% for the quarter ended September 30, 2023, compared to 0.68% for the quarter ended September 30, 2022, and 1.32% for the quarter ended December 31, 2022.

At September 30, 2023, F&M's average deposit account had an average balance of \$25,426. In addition, uninsured deposits to total deposits were approximately 9.1% for the quarter ended September 30, 2023, and the percentage of uninsured by the FDIC was 18.84%.

### Loan Portfolio and Asset Quality

Total loans, net at September 30, 2023, increased 18.1%, or by \$3.87 million to \$2.53 billion, compared to \$2.14 billion at September 30, 2022, and up 7.2% from \$2.36 billion at December 31, 2022. The year-over-year improvement resulted primarily from the contribution of continued organic loan growth and the completion of the Peoples acquisition. Not including the Peoples acquisition, total net loans increased 13.2% organically, or by \$282.8 million from the same period a year ago.

F&M continues to closely monitor its loan portfolio with a particular emphasis on higher risk sectors. Nonperforming loans were \$22.4 million, or 0.89% of total loans at September 30, 2023, compared to \$5.5 million, or 0.26% at September 30, 2022. At September 30, 2023, nonperforming loans increased by \$16.2 million from June 30, 2023, which was primarily due to one agricultural relationship where the Bank is well collateralized and does

not foresee a loss.

F&M maintains a well-balanced, diverse and high performing CRE portfolio. CRE loans represented 51.6% of the Company's total loan portfolio at September 30, 2023. In addition, F&M's commercial real estate office credit exposure represented 5.1% of the Company's total loan portfolio at September 30, 2023, with a weighted average loan-to-value of approximately 64% and an average loan of \$870,000.

F&M's CRE portfolio included the following categories at September 30, 2023:

CRE Category	Dollar Balance	Percent of CRE Portfolio <sup>(*)</sup>	Percent of Total Loan Portfolio <sup>(*)</sup>
Multi-family	\$ 241,804	18.5%	9.5%
Industrial	\$ 228,644	17.5%	9.0%
Retail	\$ 212,383	16.3%	8.4%
Hotels	\$ 133,579	10.2%	5.3%

Senior Living	\$ 35,788	2.7%	1.4%
Other	\$ 171,387	13.1%	6.8%
Total CRE	\$ 1,304,118	100.0%	51.4%

\* Numbers have been rounded

At September 30, 2023, the Company's allowance for credit losses to nonperforming loans was 112.61%, compared to 365.44% at September 30, 2022. The allowance to total loans was 1.00% at September 30, 2023, compared to 0.93% at September 30, 2022. As a result of F&M's recent acquisitions, the Company had an accretable yield adjustment of \$4.6 million at September 30, 2023, which further enhances F&M's allowance, compared to \$6.0 million at September 30, 2022. Including the accretable yield adjustment, F&M's allowance for credit losses to total loans was 1.18% at September 30, 2023, compared to 1.21% at September 30, 2022.

Mr. Eller concluded, "At September 30, 2023, we saw nonperforming loans increase to 0.89% primarily due to one agricultural relationship where the Bank is well collateralized and does not foresee a loss. As we work through this credit, we are closely monitoring our loan portfolio for signs of stress, but overall, we expect our conservative credit culture and pricing will allow us to maintain excellent asset quality throughout various economic cycles. In addition, at September 30, 2023, we had the lowest level of loans over 30 days past due this year. While we continue to believe 2023 will be a transitional year, we believe we are well positioned to emerge from this period with increased market share and higher profitability and I look forward to reporting on our success in the coming quarters. Our financial performance ratios reflect the pressure on the net interest margin and the cost of the strategic investments we have made. We are cognizant of the short-term expense and are confident it will enable long-term gains."

#### Stockholders' Equity and Dividends

Total stockholders' equity increased 8.1% to \$303.2 million at September 30, 2023, from \$280.6 million at September 30, 2022. At September 30, 2023, the Company had a Tier 1 leverage ratio of 8.02%, compared to 9.11% at September 30, 2022.

F&M is committed to returning capital to shareholders and has increased the annual cash dividend for over 28 consecutive years.
