FARMERS & MERCHANTS BANCORP, INC.

Notes to Condensed Consolidated Financial Statements

NOTE 1. BASIS OF PRESENTATION

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions for Form 10-Q and rule 10-1 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments, consisting of normal recurring accruals, considered necessary for a fair presentation have been included. Operating results for the three months ended March 31, 1996 are not necessarily indicative of the results that are expected for the year ended December 31, 1996. For further information, refer to the consolidated financial statements and footnotes thereto included in the Company's annual report on Form 10-K for the year ended December 31, 1995.

-

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITIONS AND RESULTS OF OPERATIONS

Farmers & Merchants Bancorp, Inc., was incorporated on February 25, 1985, under the laws of the State of Ohio. Farmers and Merchants Bancorp, Inc., and its subsidiary, The Farmers & Merchants State Bank are engaged only in commercial banking. The executive officers of Farmers & Merchants Bancorp, Inc., are located at 307-11 North Defiance Street, Archbold Ohio 43502.

LIQUIDITY AND CAPITAL RESOURCES

Liquidity has continued to be enhanced by the generation of cash through operations primarily be reduction in expenses, and the collection of interest income from productive assets.

The rate of increase on Capital Expenditures has slowed with the completion of the renovation of the main office and the implementation of the new proof system. There will be reasonable increase in this area due to the major renovation of one of the branch offices.

The following is a list of 5 capital ratios as they are calculated from the March 31, 1996 financial statements.

Primary Ratio	9.42%
Total Capital Ratio	11.38%
Risk Based Capital Tier 1	8.27%
Risk Based Capital Tier 2	11.36%
Stockholders Equity/Total Assets	8.38%

During the first three months of 1996 the bank's loan portfolio has increased \$9,529,000. This represents a 3% increase. This was the primary use of cash over the period. An increase of \$15,707,000 in deposits was noted at the quarter ended March 31, 1996. This represents a 4% increase. This increase was do in part to the fact that the bank offers very competitive rates for its deposit products. In addition a concerted marketing effort has been impletmented to attract more "core" deposits to help with the maintaining of an acceptable net interest margin.
