Lars B. Eller, President and Chief Executive Officer, stated, "2022 was a historic year for F&M as we celebrated our 125th year anniversary, achieved record financial results, completed the fifth acquisition in the past three years, and continued to invest in our community banking platform. We experienced strong organic loan growth across our Ohio, Indiana and Michigan markets during 2022 as loans increased organically by \$397.0 million, or 21.4% on a year-over-year basis. Robust loan growth, combined with our recent acquisitions, excellent asset quality, and stable net interest margin, drove a 24.4% increase in annual net interest income after the provision for loan losses. These outstanding trends and our focus on prudently controlling operating expenses offset a \$2.1 million decline in annual noninterest income and helped F&M achieve another year of record net income and earnings per share. I am proud of our record financial results for 2022, which enabled us to increase our annual cash dividend by 14.4%. This reflects the 28th consecutive year F&M has increased its annual cash dividend and our long-standing commitment to create value for our shareholders."

Mr. Eller continued, "I am also pleased to announce that F&M ended the year with total assets of over \$3.0 billion for the first time in our history as we successfully achieved the goals of our previous multi-year strategic growth plan. In fact, since 2019 total assets have increased 87.6%, while GAAP net income has increased 76.7%. This performance is a direct result of the financial services we provide our Ohio, Indiana, and Michigan communities, the successful acquisitions we have completed and the hard work of our committed and experienced team members. During 2022, we continued to expand our team by promoting over 45 employees and hiring over 150 new employees. We also added capabilities by adding a new Regional Vice President to lead our Northern Indiana region and hiring F&M's first ever Chief Risk Officer. Our 2022 financial and operating results reflect the success of our growth initiatives and the powerful franchise we are creating."

Income Statement

Net income for the 2022 fourth quarter ended December 31, 2022, was \$7.2 million, compared to \$7.7 million for the same period last year. Net income per basic and diluted share for the 2022 fourth quarter was \$0.53, compared to \$0.59 for the same period last year. Net income for the 2022 twelve-month period ended December 31, 2022, was \$32.5 million, compared to \$23.5 million for the same period last year. Net income per basic and diluted share for the 2022 twelve months was \$2.46, compared to \$2.01 for the same period last year.

Adjusted net income for the 2022 fourth quarter was \$8.8 million, or \$0.65 per diluted share, compared to \$8.7 million, or \$0.66 per diluted share in the prior year quarter. Adjusted net income accounts for the impact of one-time acquisition expenses. Adjusted net income for the year ended December 31, 2022, was \$34.6 million, or \$2.62 per diluted share, compared to \$26.6 million, or \$2.28 per diluted share in the prior year.

Profitability for the 2022 fourth quarter and full year benefitted from F&M's larger scale, strong asset quality, and prudent expense management. The Company's efficiency ratio improved to 50.46% during the 2022 fourth quarter, and 55.95% for the 2022 twelve-month period. Strong profitability also drove higher annual returns, and ROAA, ROAE, and ROATCE all expanded on a year-over-year basis when adjusted for one-time, tax adjusted acquisition expenses.

Deposits

At December 31, 2022, total deposits were \$2.47 billion, an increase of 12.6% from December 31, 2021. In addition, F&M continues to see growing customer preferences to more stable and secure saving instruments as deposits have increased since the COVID-19 crisis began. The Company's cost of interest-bearing liabilities was 1.32% for the quarter ended December 31, 2022, compared to 0.51% for the quarter ended December 31, 2021. For the 2022 twelve-month period, F&M's cost of interest-bearing liabilities was 0.74%, compared to 0.48% for the 2021 twelve-month period.

Loan Portfolio and Asset Quality

Total net loans, at December 31, 2022, increased 26.9% to \$2.356 billion, compared to \$1.857 billion at December 31, 2021. The year-over-year improvement resulted primarily from the contribution of continued organic loan growth and the completion of the Peoples acquisitions. Not including the Peoples acquisition and PPP loans, total net loans increased 21.4% organically, or by \$397.0 million from the same period a year ago. Additionally, there were only \$7,000 of PPP loans within F&M's loan portfolio at December 31, 2022.

F&M continues to closely monitor its loan portfolio with a particular emphasis on higher risk sectors. Nonperforming loans were \$4.7 million, or 0.20% of total loans at December 31, 2022, compared to \$8.1 million, or 0.43% at December

31, 2021. Due to loan growth, F&M continues to prudently fund its allowance for loan and lease losses which has increased 25.1% on a year-over-year basis.

At December 31, 2022, the Company's allowance for loan and lease losses to nonperforming loans was 273.67%, compared to 201.11% at December 31, 2021. As a result of F&M's recent acquisitions, the Company has a total gross credit mark of \$6.4 million, which further enhances F&M's allowance at December 31, 2022. Including the total gross credit mark, F&M's allowance for loan and lease losses to total loans was 1.13% at December 31, 2022.

Mr. Eller concluded, "We believe F&M remains well positioned for an increasingly challenging economic cycle as our asset quality is strong, and we continue to be well capitalized. This will allow us to continue to focus on serving our local communities, while investing in our infrastructure and pursuing long-term expansion opportunities under the new three-year strategic growth plan we finalized in the fourth quarter of 2022. As a result, we plan to make approximately \$7 million of strategic investments during 2023 across our business. This includes new offices in Ohio, Indiana, and Michigan, and additions to our team, as well as investments in our IT infrastructure, loan operations, and credit and payments group. While we expect investments to temporarily impact the level of profitability we are accustomed to, these investments are necessary to support our long-term growth initiatives and maintain F&M's high level of services as we drive sustainable growth and value creation. I look forward to updating shareholders on the progress we are making throughout 2023."

Stockholders' Equity and Dividends

Total stockholders' equity increased to \$298.1 million at December 31, 2022, from \$297.2 million at December 31, 2021. At December 31, 2022, the Company had a Tier 1 leverage ratio of 8.39%, compared to 8.47% at December 31, 2021.

Based on a regulatory basis, tangible stockholders' equity increased to \$240.7 million at December 31, 2022, compared to \$215.5 million at December 31, 2021. On a per share basis, tangible stockholders' equity at December 31, 2022, was \$17.69 per share, compared to \$16.49 per share at December 31, 2021. A non-GAAP reconciliation is provided as a table in this press release.

Dividends declared for the 2022 twelve months included a special one-time cash dividend of \$0.0125 to honor F&M's 125thanniversary, and a 10.5% year-over-year increase for the 2022 fourth quarter dividend payment to \$0.21 per share. F&M is committed to returning capital to shareholders and has increased the annual cash dividend for 28 consecutive years. For the twelve months ended December 31, 2022, the dividend payout ratio was 33.06% compared to 35.08% for the same period last year.
